## PROFILE

Innovative problem-solver, self-starter, and customer-centric Technical Director and A/V Professional with over five years of experience managing clients, teams, projects, and live events. Passionate about driving the success of a live event through creative, technical, and logistical elements. Effectively works with both client and internal teams to deliver event programs that elevate client results while managing strategic objectives, timelines, and financial goals.

## EXPERIENCE

### TECHNICAL DIRECTOR

InnoVia Events | Dallas, TX | 2015-Present

- › Manage multiple live events, both domestic & internationally
- › Source local labor, equipment, and venues for events
- › Execute the events on site and staying within a set budget
- › Produce live events and corporate conferences
- › Manage entire process of the program from initial proposal through post show wrap-up
- › Consult with the sales team to secure show contracts
- › Responsible for all aspects of the program's execution, including labor, equipment, and communicating needs to all parties involved
- › Collaborate on creative content and design of setup
- › Direct show team onsite to ensure all standards are met and exceeded

### VIDEO ENGINEER/SUPERVISOR

PSAV | Las Vegas, NV | 2013-2015

- › Installed and maintained all video equipment at The Cosmopolitan of Las Vegas
- › Supervised large crews on various live events
- › Executed large scale events
- › Managed stage logistics and gear
- › Oversaw the management of talent
- › Called the cues during the event
- › Remained confident and composed to troubleshoot technical issues in real-time
